Forester Moonroof Compartment Separator Instructions

1. Remove the two plastic plugs in the roof using the forked tool, as shown.
2. Insert two plastic clips (E).
3. Open rear hatch and remove tonneau cover and store in a safe place outside the vehicle.
4. Put both seat backs down.
5. Insert compartment separator into cargo area as shown and rotate so that basket portion of the separator is facing the rear of the car.
6. Insert the separator into the receptacle which were previously occupied by the tonneau cover. Allow separator to lean forward temporarily,
7. Place seats into the upright position.
8. Place the right and left brackets as shown, match up to the label on the separator, fasten using the self-tapping screws (F).
9. Attach separator to bracket by using washer (G) and screws (D).
