Forester Non-Moonroof Compartment Separator Instructions

1. Open rear hatch and remove tonneau cover and store in a safe place outside the vehicle.
2. Put both seat backs down.
3. Insert compartment separator into cargo area as shown and rotate so that basket portion of the separator is facing the rear of the car.
4. Insert the separator into the receptacle which were previously occupied by the tonneau cover. Allow separator to lean forward temporarily,
5. Open child seat tether cover.
6. Insert the bolt (C) from the top of the tether bracket attach the bracket (B) to the bolt using the nut (E). Torque to the specified torque shown in the instruction.
7. Attach separator to bracket by using washer (G) and screw (F).
8. Attach the child seat tether cover bracket (D) as shown using washer (G) and screw (F).
9. Place seats into the upright position.
